

RECOMMENDED STRUCTURE OF THE PRESENTATIONS

Prepare approximately 10 – 12 PowerPoint slides where you will introduce your project.

Recommended structure:

1. *Introduction* (authors, topic of your project, reasons why you selected the particular topic, why it is important to study this topic)
2. *State of the art* (mention couple of sentences about the state of the art – the research related with your project (other projects, research teams, ...) together with selected research works (journals, papers, proceedings, etc.))
3. *Mind Map* (introduce your map, especially structure)
4. *PEAS*
5. *ODD+D protocol* (not whole protocol 😊, but mention only the most important parts of the protocol according to you (question+answer))
6. *Entity diagram*
7. *Society diagram or Perceptor/effector diagram or Service diagram*
